CAREER SUMMARY

An Electronics and Communication student seeking to pursue a carrier in the field of embedded systems and design.

EDUCATION

- **Undergraduate (current)**
B.E (Electronics and Communication) | BMS College of Engineering, Bangalore | Visvesvaraya Technological University | CGPA 8.48 (5th sem) | Passing Year - 2020.
- **Pre-University**
Sarvodaya PU College, Horpet Tumkur | NCERT (PCME) | Aggregate 97.52% | Year - 2016.
- **10th SSLC**
Maruthi Vidya Kendra | State Board | Aggregate 95.52% | Year - 2014.

PROJECTS

1. **Maze solver robot with Flood fill Algorithm**
— Implemented using Atmega 328 Microcontroller, 8 IR array sensor for line detection. It has two parts dryrun and path tracing:
 - (a) In dry it covers all the nodes and get the status of each and every node.
 - (b) After dryrun the algorithm is applied and path tracing starts.
2. **Gesture Controlled Robot**
— It has two parts transmitter(hand) and reciever(Bot):
 - (a) A sensor accelrometer is used in transmitter and based on X and Y value from the sensor direction command is transmitted to bot part.
 - (b) The data received from the transmitter is passed to the controller and command is written to the accuators(motors).
3. **Obstacle avoider bot**
A simple bot that can sense the obstacle in its way and change the direction :
4. **MINI projects**
 1. Smart Parking system using Logic gates in multisim software and its hardware is implemted.
 2. Laser locking intruder system for border security.
 3. Portable Function Generator using MULTISIM simulation software.

INTERNSHIP experience

- **TATA POWER SED Private limited**
—Worked on Electromagnetic Interference and Compatability (EMI and EMC).

TECHNICAL SKILLS

- **Programming Languages**
 - Proficient:** Embedded C
 - Intermediate:** Python, 8051 Assembly language, MATLAB, Verilog, html and Css

- **Hardware Knowledge**

Nuvoton 8051 microcontroller, Arduino, Atmega 2560, NodeMCU ESP8266, RF and bluetooth modules.

- **Software Knowledge**

Xilinx Vivado, Cadence Virtuoso, Matlab and simulink, Multisim, Atmel studio, Arduino.

Co-curricular activities

1. **1st Prize** | National Level Robotics Championship 2018, IIT Kharagpur | Maze solver robot..
2. **Workshop on App controlled bot** | Conducted workshop on wireless controlled bot by bluetooth communication | BMS College of Engineering.
3. **1st Prize** | FURY ROAD V2 | Phase shift 2016, BMSCE Bangalore | Bluetooth controlled car.
4. **Robotics competition** | Perfect Machine | Participated in 2016 NITK Surathkal.

Extra curricular activities

- **Department Volunteer** | Phase Shift 2017 | National Level Annual Tech Symposium | BMS College of Engineering.
- **EC Department coordinator** | Phase Shift 2018 | National Level Annual Tech Symposium | BMS College of Engineering
- **Event coordinator for obstacle cycling at UTSAV 2018** | BMSCE Cultural Event.
- **Mountannieering club coordinator at UTSAV 2019** | BMSCE Cultural Event | conducted events like rock climbing, rappelling, obstacle cycling, jummaring, zipline.
- **Terrestrial camp by GETHNAA** | A GOVT of Karnataka organization | Completed basic terrestrial camp held in badami.
